3. Minutes from the previous meeting

CD briefly recapped the minutes from the March 2019 CLG meeting.

CD discussed the NMA submission for Phase 2 and reiterated it is for the internal apartment layouts only. It was mentioned that this is currently under review with Camden and we will have a formal decision by the next CLG.

CD also recapped the 3 CMP amendments that have been approved by Camden which include the vehicle access points along Phoenix Place, the footpath closure along Mount Pleasant and the delivery lane usage.

4. Matters arising

CD mentioned there will be further third-party gas connection works along Phoenix Place commencing at the beginning of June. GH and JD expressed concerns over the level of work along this road including accessibility for Postal Museum visitors and pedestrians. JD mentioned she would be writing a letter to Camden regarding the traffic management of Phoenix Place and requested BYUK also issue a letter to reinforce the message.
